That's correct- as far as I know, OFR is not working on any further editing/formatting. It's just a matter of waiting for them to publish it.

Ok thanks – I take it that also means there is no further editing/formatting going on between us and FR that you are aware of? It's just a matter of waiting for OFR to publish?

Dan,

The Office of the Federal Register usually notifies us a day or two in advance of the publication. We have not heard anything yet. I'll let you know as soon as I do hear something.

Any word on when this will publish in the FR? DOJ asking.
